Subject:	RE: Tract 50666 - Sewer

Hello Ron,

The sewer plans are approved and signed by the Los Angeles County. I am going to pick up the Mylar tomorrow. The plans would have to be signed by the City next. The Sanitation District would sign them last.
Would you be able to sign the plans tomorrow if I take them to the City?

Awaiting your news, Please let me know

Thank you

Subject: Tract 50666 - Sewer

Hello Ron, Hope that you are doing well.

The County has approved the sewer plans for Tract 50666. They are currently processing and signing the mylars. I am told that I should have the signed mylars back by the middle of this week which I need to drop them off at the City for your processing and signature.
After the City signs the plans, I would have to take them to the Sanitation District for the approval and signatures.

How long would it take the City to process the plans?

Thank you
Selim Sawaya P.E. / P.L.S.
